This is the report Jaime mentioned this morning. I think there is some good information in here for us to work with.

Good to see you all this morning and thank you! Marie

Subject: Mental Health Report - Final Draft

Good afternoon,

Please find attached the draft report that was submitted to the Los Angeles County CEO yesterday and was in turn transmitted to the justice deputies for the Board of Supervisors. The report will be discussed at a special session of the Public Safety Cluster Agenda Review (CAR) meeting involving the justice deputies and others which will be held Wednesday (July 22) afternoon.

Important Caveat: The attached report should be considered a draft subject to further revision and formatting. While the report embodies the contributions of many and dozens of hours of drafting and editing, it is anticipated there will some refinements made to the report following the Public Safety CAR meeting.

Thank you.
